

Good morning from New York family,

It is very windy here and it rained last night and more rain is expected over the next 24 hours so have your umbrella ready and your rain boots. You know the weatherman is a mess sometimes. So how is everyone doing and hope you had a very good night at work or sleep in your bed.

Hear nah, the home invasion in Brooklyn with the elderly couple was an inside job with the Home Health Aide and her cousins. I was shocked watching the news before leaving for work. So, family be kind to one another and take care of each other. Do not let strangers into your home and do not neglect your loved ones. Please check up on them as often as you can. So they took the money and it will be no use for them and a life lost in the process.

To all my folks in St. Vincent and the Grenadines, **HAPPY BIRTHDAY** to the **HOMELAND**. You are 38 years old this week. Wow, I am older than you. Please celebrate and minimize the violence and hatred and prove to the world that you are capable.

Waiting for the barrel dates so I can send off mine within the first week to be there on time. May peace reigns from shore to shore and God bless and keep us true.

Sir Godfrey Gregg
