

Good morning SVG and to God be all honour and glory. Thanking God for bringing us thus far on the eve of this 39th year of Independence. Under the old Guards, there were one people until the elections were called. That was when the circus began, unfortunately, things have changed that it is a continuous "fallout" among every citizen. It is my hope and desire that we once again become **ONE** people, **ONE** Nation and **ONE** Vincy people until the next elections are called.

HAPPY 39TH INDEPENDENCE
