Mayreau is one of the small Grenadines Island of St. Vincent and the Grenadines lying between Canouan and Union Island. Mayreau has one of the best beaches in the world and it is part of Paradise on Earth. You cannot visit the Caribbean without a one-day stopover. Failure, you will regret it for the remainder of your life.

Did you know that Salt Whistle Bay has been rated as a "Top International Beach" by Conde Nast Traveler?

Salt Whistle Bay has two perfect strands of sand, one facing a calm bay and the other facing the Atlantic. It's the best of both worlds.
