

©123Greetings.com

On behalf of the Gregg family, our Facebook page and Group and the website we extend Birthday greetings to a very distinguished member of the family of Gregg and Compton.

I speak of the only Zetilla Compton a Matriarch of her family and the extended family. I do not speak for myself but any Gregg, Bynoe and Compton around the world.

We join together as one family to wish you the very best on this milestone of your life. We know you could not have done it alone, but with the help of your loving husband Beauton Compton. We look to you and hopefully, when the family comes together in reunion you will be wearing the accolade of Matriarch.
